## Survey on Education in Southeast Arkansas *(Public School Districts Form)*

The Southeast Arkansas Cornerstone Coalition's Committee on Education is the process of collecting information on the "educational state of Southeast Arkansas," by assessing the resources and availabilities of educational intuitions/programs in Cornerstone Region. The Committee will survey demographical, institutional, and administrative questions from the Universities/Colleges, Public/Private Schools, School Districts, Chartered Institutions, and Day Care Facilities of Southeast Arkansas. With the information collected, the Cornerstone wishes to be better able to market the region; understand how, or if, location plays a factor in relocating; combine with other information about the region to create a electronic online library of information about the Southeast Arkansas region; and to better understand which institutions are supported by the community and which intuitions need more support. *Please answer the following questions to you best of your ability; if you are unable to answer a question please explain why, or direct us to the intuition that can. We thank you for your cooperation and support!*

Please send completed surveys to:

<i>via mail:</i>	<i>or via fax:</i>
Education Committee	(870) 460-1450
SEARK Cornerstone
